

A Word About Buckwheat Cakes
A boy writes the *New York Times*. As the season for pancakes has arrived I send my method for preparing them: At night take sufficient water for a little more than the amount of batter required. Thicken this with buckwheat flour; a little graham meal is an addition; stir in a teaspoonful of fresh yeast and let it stand till morning to rise, when it will be fit for use. Leave enough batter to mix it again, night without yeast. After a day or two the batter will require a half-teaspoonful or so of soda to sweeten it, put in just before baking. It is nice to mix your batter in a stone jar and pour over every morning what is required for use, and not put the soda into the whole. The addition of a little milk will make the cakes brown if desired.

The batter should be occasionally renewed. Now as to baking cakes it is one of the fine arts. Some heedless cooks use so much grease to keep the cakes from sticking to the griddle, that they fill the room full of smoke to the discomfort of all concerned. A cloth sewed fast to a fork is the most convenient, greaser, and just as little grease as possible should be used. The fire should be neither too hot nor too black. Nothing is better relished on a cold winter morning than well prepared cakes of this kind.

SICK HEADACHE!
The distinguishing symptom oftenest occurring from the imperfectly digested food, is a severe headache in the head, accompanied with a desire to vomit, and can be easily cured by taking a dose of Liver Balsam. Do not neglect to have a remedy for this common disorder. Write to Dr. C. McLane, General Physician, 100 Broad Street, New York.

Education Remedy.—I can recommend this Remedy to all parents, Dr. C. McLane's Liver Pills, and Dr. C. McLane's Liver Regulator.—Lewis G. Wunder, N.Y., Mass.

J. H. ELLIN & CO., Philadelphia.
